Motivation / Personal Statement.

I am a freelance Japanese-English, Japanese-Hindi interpreter with a strong academic background in Japanese language, including a BA in Japanese and a year of research at Kobe University under the MEXT scholarship. My training in business Japanese, cultural studies, and real-life communication in Japan allows me to interpret accurately, naturally, and with cultural sensitivity. I bring professionalism, clarity, and confidentiality to every assignment, helping clients communicate smoothly across languages and cultural contexts.
