

INSTRUMENT CONTROL SUPERVISOR

ADDRESSLINE

JIGNESH M PATEL

At & Po: Avdafalia, Matwad

Dist.: Navsari-396439

Mobile: +91-8849667676

Whatsapp- +917874095496

Email: jigneshmpatel771155@gmail.com

PROFESSIONAL SYNOPSIS Detail-oriented and meticulous Instrumentation & Control professional with 9.9 years of experience in fast-paced industrial environments including Oil & Gas, Power Generation, and Petrochemicals. Extensive commissioning, startup, and maintenance experience on GE gas turbines (Frame 5, 6B, 6FA, 7FA, 9E, 9FA, 9H) and control systems (Mark IV, V, VI, VIe). Proven track record in project execution, preventive/corrective maintenance, and troubleshooting with strong commitment to safety, quality, and organizational growth. Exceptional analytical thinking and clear communication abilities.

TECHNICAL CORE COMPETENCIES

- ✓ **Commissioning & Startup:** Complete commissioning and startup activities for gas turbine power plants, including loop checks, function tests, punch list clearing, and ITR documentation
- ✓ **Maintenance Management:** Corrective, preventive, predictive, and breakdown maintenance in operating plants
- ✓ **Troubleshooting & Calibration:** Expert in tuning, calibration, and adjustment of smart electronic and pneumatic instruments
- ✓ **Project Monitoring:** Daily and periodic project progress reporting to top management
- ✓ **Safety Systems:** Permit to Work (PTW) signatory, Lock Out Tag Out (LOTO), Fire & Gas Systems
- ✓ **Rotating Equipment:** Gas turbines, compressors, and associated auxiliary systems
- ✓ **Vibration Monitoring:** Bentley Nevada vibration monitoring systems
- ✓ **Documentation:** Skilled in reading P&IDs, loop diagrams, logic diagrams, and hook-up drawings

COMMISSIONING & STARTUP EXPERIENCE HIGHLIGHTS

- ✓ Successfully commissioned and started up multiple GE gas turbine power plants in Iraq and Middle East
- ✓ Led commissioning activities including loop checks, function testing, calibration, and punch list clearance
- ✓ Prepared and completed ITR test packs, calibration reports, checklists, and commissioning documentation
- ✓ Involved in Water Treatment Plant (WTP) commissioning and Divertor-Damper systems for combined cycle extensions
- ✓ Supported installation verification, field inspections, and warranty validation during project execution
- ✓ Experienced in simple cycle and combined cycle power plant commissioning
- ✓ Handled multiple fuel types including HFO, Natural Gas, and Light Distillate Oil (LDO)

FUNCTIONAL SUMMERY

My Industrial life I have hands on experience of Carries out preventive and breakdown maintenance and, Calibration, Commissioning and Loop Testing of various following types of field and control room instruments, as under:

- ✓ Well-known with the Plant Running, Predictive, Preventive, Breakdown and Corrective Maintenance.
- ✓ Specialist in Installation & Calibration of different types of the Modern Smart Electronics & Pneumatic instrument.
- ✓ Effective knowledge of the Lock out Tag out Processes.
- ✓ Operational knowledge in a Fire and Gas Systems like Heat & Fire Detectors, Flammable, Toxic & Smoke Detectors Etc.
- ✓ Sound skills of all kind of Rotating Equipment's Maintenance, Gas Turbines, Compressors etc.
- ✓ Sound knowledge of the Bentley Nevada Vibration Monitor system.
- ✓ Skilled to read Engineering Drawings, Loop Diagrams, P&ID Drawings, Logic Diagram & Hook up drawings also.
- ✓ Experience in calibration and trouble shooting of RTD, TC of Rosemount, Foxboro, and thermo electric.
- ✓ Control Valves, Damper and Positioners, Motorized Operated Valves, Solenoid Valves etc.
- ✓ Electro-Pneumatic & Electro-Hydraulic Converters, Load Cells.
- ✓ Transducers and Sensors (DP, Magnetic, Ultrasonic, Proximity and Floating type).
- ✓ Pneumatic Pressure Regulator Switches.
- ✓ Smart, Foundation Field Bus Series Transmitters (Pressure, Level, Flow and Temperature).
- ✓

MASTER CALIBRATION INSTRUMENT HANDLED

- 475,375 HART COMMUNICATOR OF EMERSON
- EMERSON TREX COMMUNICATOR
- SIKA HAND PUMP HTP-1
- NAGMAN DEAD WEIGHT TESTER H6900
- FLUKE PRESSURE CALIBRATOR PPC-D SERIES
- FLUKE, SIKA, NAGMAN TEMPERATURE BATH
- FLUKE LOW PRESSURE CALIBRATOR
- RESISTANCE BOX
- RIDGID TUBE BENDER
- MULTIFUNCTION CALIBRATOR AND MULTIMETER OF FLUKE, NAGMAN
- VIBRATION CALIBRATOR
- MA SOURCE
- MASTER GAUGES
- TK3E

WORK EXPERIENCE SUMMERY

MASOOD JOHN BROWN ENERGY SERVICES

1st oct 2019 to 27th nov 2025

Power station services in -PDO OMAN

INSTRUMENT CONTROL SUPERVISOR

- Supervised operation, maintenance and overhauling activities for gas turbine power plants under PDO Oman.
- Lead a team of instrumentation technician in daily plant operation, preventive maintenance, breakdown troubleshooting, and major overhaul outages on GE gas turbine.
- Performed various GE outages from combustion inspections to major overhauls on Frame 9E, 9FA, 9H, 7FA, 6FA, 6B, and Frame 5 machines
- Performed installations, commissioning, and startup on a 6B GE gas turbine, generator, and auxiliary equipment
- Supported projects as Control Technician on upgrades, field inspections, and warranty issues
- Assisted in startup, operation, maintenance, engineering/modifications, and outage projects/schedules
- Diagnosed and resolved complex control system faults in Mark V, VI, and VIe systems
- Troubleshoot field instrument failures including pressure transmitters, temperature sensors, flow meters, and control valves
- Resolved vibration monitoring system alarms and coordinated with vibration analysts
- Supported root cause analysis (RCA) for repeated equipment failures
- Provided technical guidance to junior technicians during troubleshooting activities

FIELD CORE.(GE)

Power Generation and oil and gas Industries field services in—MIDDLE-EAST. 19th dec 2016 to 1st sep 2019.

INSTRUMENT CONTROL TECHNICIAN

- Performed various GE outages from combustion inspections to major overhauls on Frame 9E, 9FA, 9H, 7FA, 6FA, 6B, and Frame 5 machines
- Performed installations, commissioning, and startup on a 6B GE gas turbine, generator, and auxiliary equipment
- Supported projects as Control Technician on upgrades, field inspections, and warranty issues
- Assisted in startup, operation, maintenance, engineering/modifications, and outage projects/schedules

ENKA CONSTRUCTION & INDUSTRY CO. INC.

Bazyan Combined Cycle Power Project (phase-1) Sulaymaniyah, Kurdistan—IRAQ 21st September, 2015 To 10th February, 2016.

COMMISSIONING – STARTUP I & C TECHNICIAN

- Commissioning and startup of a 4X125 MW Gas Turbine Simple Cycle Power Generation Plant (Phase-1) consisting of 4 Units of GE-9E Gas Turbine Generator sets
- Involved in Water Treatment Plant (WTP) commissioning
- Commissioning and startup activities for Divertor-Damper system for Phase-2 Combined Cycle extension
- Instrument commissioning activities including loop checks, function tests, and calibration

ENKA TEKNIK

Najybia Power Plant Project 4X125 MW GE Gas Turbine, Basra–**IRAQ** 31st December, 2014 To 30th May 2015.

COMMISSIONING I & C TECHNICIAN

- Part of commissioning and startup team for a 4X125 MW power generation plant operating in simple cycle mode
- Commissioned systems for three fuel types: HFO, Natural Gas, and Light Distillate Oil (LDO)
- Complete Balance of Plant (BOP) commissioning support
- Responsibilities: Loop checks, function testing, calibration, installation verification, startup activities, punch list clearing
- Created and maintained documentation: ITR test packs, punch lists, calibration reports, and checklists

EDUCATIONAL & TECHNICAL QUALIFICATION

- ✓ **S.S.L.C:** From Gujarat Secondary Education Board, Gandhinagar in 2001.
- ✓ **NATIONAL TRADE CERTIFICATE:** Gandhinagar, Gujarat in 2003-2005. (2 year)
- ✓ **DIPLOMA:** Instrumentation control Engineering, I.I.E Delhi 2012-2014 (2 years)

ADDITIONAL TRAINING COURSES

- ✓ **JUNIOR DIPLOMA ENGINEER**
- ✓ **COMPUTER AIDED DRAFTING AND DESIGN (2D & 3D MODELING)**
- ✓ **MICROSOFT WORD, EXCEL**
- ✓ **PERMIT TO WORK (SIGNATORY)**
- ✓ **H2S, SCABA**
- ✓ **AUTHORISED GAS TESTING**
- ✓ **FIRST AID (CPR & AED COURSE) AHFA**
- ✓ **FIRE WARDEN**
- ✓ **VALID OPITO BOSIET WITH EBS-DD (VANTAGE NUMBER -3054055)**

PERSONEL DETAILS:

Name : Patel Jignesh Bhai Mohan Bhai
Date of birth : 21st October 1985
Place of birth : Navsari - Gujarat
Nationality : Indian
Marital Status : married
Communication: English, Hindi and Gujarati

PASSPORT DETAILS:

Passport No. : AA956064
Issue date : Surat
Issue date : 04-04-2025
Expiry date : 03-04-2035

To obtain suitable position to suit my past & present experience and looking for career growth within the future by contributing my job skills in my position

Thanks, JIGNESH M PATEL
